VIOLENT RAIN STORM

In New York City and Vicinity.

SPEAKER REED IN CHICAGO.

Balfour to Make a Trip Through Ireland.

The Half-Mile Trotting Record Broken To-day.

A Violent Storm.

By Associated Press.]

NEW YORK, Oct. 24.—New York was pelted last night and to-day with one of the most pitiless storms which it has endured in many days. A fierce northeasterly gale drove a heavy rain in almost horizontal sheets, rendering umbrellas of little use, and the wind throughout the night rattled signs and shutters till unbroken sleep became well nigh impossible.

This morning stories of damage along the coast began to come in, but it is feared the worst will not be known until to-morrow. Along the New Jersey coast the wires are reported down and several vessels are ashore, while others have been driven from their course. A very high tide resulted from the storm. Several small boats were capsized off Long Branch, but their occupants were rescued.

The marine wires that are strung between this city and Sandy Hook parted at midnight, and to-day the members of the Marine Exchange had to depend upon a single wire from the quarantine station at Staten Island.

The storm did considerable damage in Brooklyn. A four-story building in course of construction on Halsey street was blown down, and John Lindsay, a passer-by, was buried in the ruins. His injuries are thought to be fatal.

Japanese News.

Special to the GAZETTE.]

SAN FRANCISCO, Oct. 24. — The steamship City of Peking, from China and Japan, brings advices that the survivors of the wrecked Turkish frigate Ertrogroul are to be sent home on two Japanese men-of-war.

The excitement in Japan over the treaty revision has somewhat quieted down, but precautions are still being taken for the safety of foreigners.

No date has been fixed for the opening of the Imperial Diet in November. The Government nominees have been appointed to the House of Peers.

The cholera is gradually disappearing, and Yokohoma is said to be practically free from it. There have been 34,000 cases and 23,000 deaths up to October 7th.

Ensign Rumsey of the United States steamship Swatara was accidentally drowned at Yokohoma on the 27th of August.

The United States steamship Omaha left for Corea on October 4th.

A Personal Investigation.

By Cable and Associated Press.]

DUBLIN, Oct. 24. — Balfour, Chief Secretary of Ireland, has started on a tour through the western counties, in which the alleged distress prevails in consequence of a failure of the potato crop, to make a personal investigation as to the truth of that statement.

He will also ascertain the most favorable route for a railway from Ballyghaderon to Castlerea, with a view to building a line to give employment to the needy if the situation demands it.

A Sudden Death.

By Associated Press.]

MINNEAPOLIS, Oct. 24.—A. H. Harris, a prominent Montana mine owner, died very suddenly at the West Hotel last night. He had ordered his supper sent to his room and soon after he was found dead in his chair. It is thought heart disease was the cause of his death. He had been spending a large part of the summer in Minneapolis on business connected with his mines.

Speaker Reed in Chicago.

By Associated Press.]

CHICAGO, Oct. 24.—Speaker Reed arrived here this morning from Waterloo, Iowa, and was met at the depot by the officials of the Union League Club, who escorted him to the Grand Pacific Hotel, where an informal reception was held. He will deliver an address here this afternoon.

The Record Broken.

By Associated Press.]

CAMBRIDGE (Ind.), Oct. 24.—The stallion Nelson yesterday trotted the fastest half-mile on record. The first quarter was made in :32¼ and the second in :30¾, the fastest quarter on record, making the half-mile in 1:03, or at the rate of a mile in 2:06.

The Ohio Legislature.

By Associated Press.]

COLUMBUS, Oct. 24.—In the House this morning the Committee of the Whole entered upon the consideration of the non-partisan bill for a Board of Improvements at Cincinnati to be appointed by the Mayor, and at 1 P. M. the committee reported the bill back to the House, and it was read a third time. It was then passed.

Nevada Vegetables Looked for by a Newcastle Firm.

The following letter was received here yesterday morning, and explains itself:

NEWCASTLE, Cal., Oct. 22, 1890.
Coffin & Larcombe, Reno—GENTLEMEN: We have noticed some very fine vegetables that were grown in your State. Will you have the kindness to write us on receipt of this letter what you could furnish first-class cauliflower per dozen for. We are desirous of sending a few dozen to the States and Territories in order to test their shipping qualities. If everything proved satisfactory we would of course have you send by express direct from Reno. We will have to acknowledge that those we examined to-day were the largest that we have ever seen.

Yours truly,

SILVER PURCHASES.

A Gigantic Conspiracy Nipped in the Bud.

THE DESPLAINS MURDER CASE.

Several Captives Able to Prove an Alabi.

The Seamen's Union Struggle to Begin Soon.

Will Soon Commence.

By Cable and Associated Press.]

LONDON, Oct. 24.—The Secretary of the National Seaman's Union expects the struggle between the ship owners and the Union will commence next week. The keepers of sailors boarding houses are assisting the ship owners by prevailing upon a large number of men to desert the Union.

In accordance with an agreement recently made between the Allan Steamship Company and the grain men in their employ in London, all questions in dispute between them were to be referred to arbitrators for settlement. The arbitrators have given their decision, but the men have refused to be bound by it, and have again gone on a strike. The company to which these men belong will be held answerable for any damages the company may sustain through the refusal of the men to accept the award of the arbitrators.

A general crisis between the ship owners and their employes is approaching.

Nipped in the Bud.

By Cable and Associated Press.]

LONDON, Oct. 24.—George Johnson, an artist, and John Phillips, an art dealer, were arraigned in the Mansion House Police Court to-day, charged with being implicated in a conspiracy to forge letters of credit upon the banking firm of Drexel, Morgan & Co. The existence of the conspiracy was revealed to the police by a man named Tregheim, who testified at the hearing to-day that he met Phillips in Rotterdam and came to London with him. The witness said he had seen the prisoners making fraudulent letters of credit. The accused were remanded. The conspiracy is gigantic. Accomplices of the forgers have been arrested at Liege, Madrid and Marseilles. The tools used in making the letters of credit were found in Johnson's possession.

Killed His Man.

By Associated Press.]

CHICAGO, Oct. 24.—This morning Thomas McCaffrey, a bar-tender, shot and killed Robert O'Brien in a saloon. The shooting was the outcome of an old fued between the two men. The murdered man was formerly connected with the advertising departments of several newspapers on the Pacific Coast, and the *Globe Democrat* and *Post Dispatch*, and had amassed considerable wealth. They had been drinking together and got into a quarrel. It is said O'Brien assaulted McCaffrey with a jug, when the latter drew a revolver and shot O'Brien through the head. McCaffrey was arrested. O'Brien had been drinking heavily of late.

The Silver Purchases.

By Associated Press.]

WASHINGTON, Oct 24.—The amount of silver offered to-day was 1,050,000 ounces. The amount purchased was 200,000 ounces at $1 05.

The Director of the Mint to-day made the following announcement: "Notice is hereby given that the Treasury Department having purchased over 4,500,000 ounces of silver during the month, further purchases will be suspended until the first Monday in November."

A Duel With Iron Bars.

By Associated Press.]

NEW YORK, Oct. 24.—Joseph Wood, 35 years old, and Carl Barg, 46, fought a duel this afternoon with iron bars in a blacksmith shop. The battle ended only when both sank to the ground with fractured skulls. They were removed to the hospital unconscious.

Arrested on Suspicion.

By Associated Press.]

CHICAGO, Oct. 24.—Six men are in custody on suspicion of having been the murderers of Michael Frazell at Desplaines on Wednesday night. Three of them have proven alibis, and the others claim to know nothing whatever of the affair.

The California Campaign.

Special to the GAZETTE.]

LATHROP (Cal.), Oct. 24.—Senator Stanford, Mrs. Stanford and Thomas Fitch, the silver-tongued orator, passed through here this afternoon for Fresno, where the Senator and Mr. Fitch will address the people to-night.

A Wolf and Lamb Case.

By Cable and Associated Press.]

TIPPERARY, Oct. 24.—Summons have been served upon Harrison, a member of the House of Commons, Michael O'Brien Dalton, one of the defendants in the conspiracy case, and a number of others on the charge of assaulting the police at the time of the opening of the conspiracy trial. The trial on this charge will take place before the Assizes, but a preliminary hearing will be had before the ordinary court of petty sessions.

The action of the Crown in answering the case from the magistrate's summons originally issued to the Assizes, caused renewed excitement.

Father Humphreys, one of the conspiracy cases, and who was yesterday sentenced to pay a fine of £20 or stand committed for six months for assaulting a policeman's wife, made an application for a summons against Balfour, but the magistrate refused to issue the summons.

Will Not Surrender.

By Cable and Associated Press.]

ZANZIBAR, Oct. 24.—The Sultan of Witu has refused to surrender to the British authories or afford redress for the recent massacre, but, on the contrary, is actively preparing for hostilities. Hundreds of the natives from the surrounding tribes are adhering to his standard, and fighting is almost inevitable.

Serious Results Feared.

By Associated Press.]

VERSAILLES (Ky.), Oct. 24.—Senator Blackburn, it is now feared, is suffering from dangerous internal injuries in consequence of the runaway accident yesterday. He is very sick this morning, and his friends fear the outcome. At best he has probably lost the use of his left arm entirely.

Large Discrepancy.

By Associated Press.]

JOHNSTOWN (Pa.), Oct. 24.—Albert W. Oxnard, treasurer of the Johnstown Lumber Company, disappeared several days ago. An examination of his books showed a large dicrepancy. The shortage will reach at least $30,000.

A Railroad Meeting.

Friday.....October 24, 1890

THE national elections about to take place are for members of the Fifty-second Congress. This Congress will not be erected until March 4, 1891, and will assemble in its first regular session in the succeeding December. The present Congress has been in session but nine months, and its Republican majority appeals to the people for a renewal of their confidence upon a record still incomplete. It comes before the country, however, with this assurance: that if the people really want what they demand, and if they believe in a party that keeps its promises, they must return the Republican party to power in this election.

Indirectly the Administration which was chosen in 1888 is also before the people for a sign of their approval, and it, too, enjoys a similar confidence. President Harrison has taken the people at their word. He has assumed that by electing him to the Chief Magistracy they meant to have him carry out the platform upon which he was presented for their suffrage. He has acted upon this safe assumption. All the resources of his great office have been employed to carry out the public will as it was expressed in his election. In his recommendations to Congress and in the character and purpose of his executive acts he has been moved by the spirit of the people as it was displayed in the majorities cast in November, 1888.

Vote for Bartine for Congress.

IN accordance with its pledge the Republican party has passed what is called the McKinley bill, a comparison of which with the Mills bill reveals at once the economic differences between the two parties. The Republican bill places a duty on wool; the Democratic bill places wool on the free list. The Republican bill places a protective duty on all animals, vegetables, barley, hemp, tobacco, flax and all products of the soil; upon cotton goods, woolen goods, glassware, crockery, iron, steel, hardware and cutlery. The Democratic bill places vegetables on the free list, leaves but a revenue duty on all animals, on barley and tobacco; moves toward a revenue duty on cottons, woolens, crockery, glassware, iron, steel, hardware and cutlery. The Republican bill places sugar on the free list; the Democratic bill places the duty on sugar at 65 per cent. It would be seen that these measures are most marvelously unlike. It is not accident or chance. It is because one bill favors the protection of American agriculture, manufactures and labor, and the other bill opposes this policy.

THE GAZETTE takes pride to-day in presenting to its readers cuts of the remaining candidates on the Republican ticket, and saying that a finer looking lot of men, possessed of all the attribute that go to make good citizens and trustworthy public servants, cannot be found in any country. We present them feeling assured that they will meet with that consideration that is due them on the 4th of November.

IN its National Platform, adopted at Chicago June 21, 1888, the Republican party proclaimed this doctrine:

We reaffirm our unswerving devotion * * * especially to the supreme and sovereign right of every lawful citizen, rich or poor, native or foreign born, white a black, to cast one free ballot in public elections, and have that ballot counted. We demand effective legislation to secure the integrity and purity of elections.

The Republican majority in Congress set promptly at work to redeem this pledge, and have passed a bill, the merits of which are an issue in this campaign.

I should be entitled to no respect or credit if I pretended that there is either a fair poll or count of the vast overflow of black votes in States where there is a negro majority, or that in the nature of things present there can be.—Henry Watterson, leading Democratic editor of the South.

Do the colored population of Nevada propose to help a party that gives expression to Watterson's sentiments?

THE Silver State's double-leaded editorials are immediately followed by "Syrup of figs," "Chamberlain's colic remedy" and "St. Patrick's pills for disorders of the liver and bowels."

JOTTINGS.

Wines and liquors of all kinds, by the pint, bottle, gallon, etc., at H. J. Thyes'.

This is the time in the year for you to secure a quantity of J. F. Aitken's dry fire wood and $12 50 hard coal.

The accommodations to be had at the Riverside hotel are not excelled by the largest San Francisco houses.

E. C. Leadbetter carries both "Our Taste" hams and bacon, and a full line of all kinds of the best breakfast meats.

Instead of traveling several blocks for a cold lunch, drop in at J. J. Becker's Chicago saloon for a hot midday meal.

Richard Herz's Virginia street jewelry store is where as fine a time piece can be had as in the most pretentious establishments of San Francisco.

By taking your magazines, story papers and San Francisco dailies of C. A. Thurston, you will have them delivered at your place of business or residence.

C. J. Brookins' variety store is the place to buy your violin, guitar and banjo strings; also all kinds of musical instruments, from a harmonica to a chickering piano.

"Is this the best?" Is the question often asked, when medicine is wanted The following are a few of the medicines of known reliability, sold by Shoemaker & Co., druggist of this place. They have many other excellent medicines, but these are worthy of especial mention:

Chamberlain's Cough Remedy, famous for its cures of severe colds, and as a preventative for croup. Price 50 cents per bottle.

Chamberlain's Pain Balm, a general family liniment and especially valuable for rheumatism. Price 50 cents per bottle.

Chamberlain's Colic, Cholera and Diarrhœa Remedy, the most reliable known medicine for bowel complaints. It is especially prized by persons subject to colic. It has cured many cases of chronic diarrhœa. Price 25 and 50 cents per bottle.

St. Patricks Pills for disorders of the liver and bowels a vigorous but gentle physic that cleanses and renovates the whole system. Price 25 cts. per box.

Chamberland's Eye and Skin Ointment. For tetter, salt rheum, scald-head, eczema and chronic sore eyes. Price 25 cents.

What They are Good For.

Brandreth's Pills are the best medicine known.

First—They are purely vegetable, in fact a medicated food.

Second—The same dose always produces the same effect—other purgatives require increased doses and finally cease acting.

Third—They purify the blood.

Fourth—They invigorate the digestion and cleanse the stomach and bowels.

Fifth They stimulate the liver and carry off vitiated bile and other depraved secretions.

The first two or three doses tell the story. The skin becomes clear, the eyes bright, the mind active, digestion restored, costiveness is cured, and animal vigor is recruited and all decay arrested.

Brandreth's Pills are sold in every drug and medicine store, either plain or sugar coated.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold, or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial It is guaranteed every time, or money refunded. Trial bottle free at Wm. Pinniger's drug store

The question has been asked. "In what respect are St. Patrick's Pills better than any other?" Try them. You will find that they produce a pleasanter cathartic effect, are more certain in their action, and that they not only physic but cleanse the whole system and regulate the liver and bowels. For sale at 25 cents per box by Shoemaker & Co.

THE DEMOCRATIC PLATFORM.

Recogniziug the true worth and straightforward manner in which the Democratic State Convention, held in Reno, September 12, 1890, presented to the people its platform, and the completeness of its scope, we reassert the principles therein contained, and indorse it as a part of the platform of this Convention.

We lay especial stress upon the doctrine of the election of honest and capable citizens of the State and county to office; of securing a free and intelligent exercise of the ballot; of restraining corporative abuses and usurpations; of adjusting and equalizing taxation, and of perpetuating the fair and honorable name of Washoe county.

We utterly repudiate the idea that to be successful in sustaining our principles we should bow down and worship the golden calf

In particular we indorse the Democratic State platform in denouncing the present ill-advised and impracticable law passed by a Republican Legislature, requesting the use of waste water for irrigation, and for setting the priority of right thereto, and demand the repeal thereof.

We pledge the nominees of this Convention to the economical and honest administration of the offices of both State and county.

Notice.

BEGINNING NOVEMBER 1st, 1890, THE monthly rates for Incandescent Electric Lights will be as follows:

EIGHT O'CLOCK CIRCUIT.

Power.....	10 cp	16 cp	20 cp	25 cp	32 cp
Rate	$0 95	$1 50	$1 95	$2 35	$3 00

TEN O'CLOCK CIRCUIT.

Power.....	10 cp	16 cp	20 cp	25 cp	32 cp
Rate	$1 10	$1 75	$2 20	$2 75	$3 60

TWELVE O'CLOCK CIRCUIT.

Power.....	10 cp	16 cp	20 cp	25 cp	32 cp
Rate	$1 25	$2 00	$2 50	$3 15	$4 00

RATE FOR RESIDENCES.

Where house is wired throughout the following rule will be used in determining rate, viz: The total candle power divided by sixteen, the result divided by three and the quotient multiplied by $1.50. Where only a few lights are installed the eight o'clock rates will apply. Where residences are occupied by more than one family, or boarders or roomers taken, special rates will be made, as this would call for an increased rate. Lodge-rooms, society or meeting halls, will be charged the ten o'clock rate, which rate will be divided by seven and multiplied by the number of nights used per week. To determine on which circuit a customer is, the following rule will be observed: Stores, shops or offices open no later than eight o'clock P. M., on the eight o'clock circuit; past eight and no later than ten, on the ten o'clock circuit; later than ten on the twelve o'clock circuit.

The cause leading to this increase of rates of the incandescent lights has been brought about by the inability of this company to continue furnishing the light at the old rate and still maintain paying expenses. Under these circumstances, we either had to increase the rates or shut the dynamo down entirely. Each customer will be notified what his rate will be after Oct. 31, and can then notify the Secretary what action he will take in the matter.

OUR CANDIDATES.

Men who will Conduct State Affairs After Jan. First.

The Republican Party Presents a Ticket Made Up of Men of Ability and Honor.

The GAZETTE takes pride in presenting to the reading public to-day cuts of the remaining Republican nominees for the various State offices.

First on the list comes the Hon. J. Poujade, the nominee for Lieutenant-Governor.

The Hon. J. Poujade.

Mr. Poujade was born of American parents near Salem, Or., in 1852. His youth was spent in that State, Washington, Idaho and California. In 1873 he went to Pioche, Nev., and has resided there ever since, with the exception of two years—1875-6—spent in the East. He has been engaged in merchandising and mining until two years ago, when the former occupation was dropped. He was admitted to the Bar in 1888, and is now practicing law. In 1884 he was elected to represent Lincoln county in the State Senate, and served during the sessions of 1885 and 1887. During his latter term he was President pro tem. of that body. In 1888 he was elected to the Assembly, and served during the last session with credit to himself and honor to his county. He has always been a Republican, yet he has been elected to serve a Democratic constituency twice in the State Legislature.

Next in order comes the Hon. R. R. Bigelow, candidate for Supreme Judge.

The Hon. R. R. Bigelow.

R. R. Bigelow was born on the shores of Lake Champlain, in Essex county, N. Y., and is now in his forty-third year. His ancestors were among the early settlers of New England, and the name has furnished many noted statesmen, judges and scholars. When five years of age his father removed to Wisconsin and became one of the pioneers of that State, settling in Monroe county, near what is now the thriving village of Tomah. Here as a farmer boy, working on his father's farm in summer and attending the district school in winter, the early years of his life were spent. The old log house which furnished the family shelter still stands as a monument to the rugged life of those who, defying hardship and privation, led the way into the wilderness that has since furnished happy homes for millions of people.

In a few years, with the rapid settlement of the country, the schools and academies of the neighboring village offered a better opportunity for an education—and eagerly seized upon by a mind hungering and thirsting after knowledge, and bent on improvement and recognition. The breaking out of the War of the Rebellion aroused all of the boyish enthusiasm of one who believed most intensely in the Union cause, but his age and the opposition of his family prevented him from going as a soldier until his seventeenth year, when he enlisted as a private in Co. H of the 51st Wisconsin Infantry, Volunteers, but only served a few months, being discharged by reason of the close of the war. He is now a member of O. M. Mitchell Post, G. A. R. of Reno, Nevada.

Returning from the army, he resumed the life of a student at the schools of the city of Milwaukee, and subsequently began the study of the law there, but owing to a lack of means was not able to complete the course. Attracted by the building of the overland railroad and the White Pine excitement, he came to Nevada in 1868 and for about three years followed the life of a prospector, miner and rancher. He now determined to resume the study of the law and to that end, in 1871, entered the office of Hon. J. H. Lucas at Elko, and so closely did he confine himself that with only a year's study he was admitted to practice by the Supreme Court and immediately entered into partnership with Judge Lucas. In 1881 he was appointed to the District Bench to fill an unexpired term caused by the death of Judge Flack. At the next election he was elected Judge of the Fourth District, comprising what were then the two Democratic counties of Elko and Humboldt, by about 400 majority over his Democratic competitor. Four years ago he was again elected by a large majority of the whole State. During the nine years he has sat on the Nevada Bench he never has had but four cases reversed and never a criminal case.

Following Judge Bigelow comes that able and just jurist, the Hon. Richard Rising, who has been Storey county's District Judge almost from time immemorial.

The Hon. Richard Rising.

Judge Rising is so well and favorably known that but litttle need be said in his behalf. He has something more than a local reputation as a jurist, for he is well known all over the coast and is invincable in this State, and is just as sure of his election as he will be after the votes are counted in November.

The next man presented is the Hon. A. E. Cheney of Eureka.

The Hon. A. E. Cheney.

Mr. Cheney was born in Ohio in 1854, and came to Nevada ten years ago. He was admitted to the practice of law in the Supreme Court of Ohio in 1877. He acquired his education by dint of hard work. In his early life he learned the carpenter's trade, which he followed during the summer months and taught school in the winter. He has served one term as District Attorney of Eureka county and represented that county in the Legislature during the last session, and acquitted himself with honor. He is now the law partner of Hon. Thomas Wren.

The Hon. G. F. Talbot is a young man but little known outside of his Elko home, but he enjoys the respect and confidence of the people of the Great East, which is a guarantee sufficient to insure his election.

The Hon. G. F. Talbot.

G. F. Talbot was born in Connecticut some thirty odd years ago, and is a self-made man. He came to Elko county a mere boy in 1869, and has resided there since, except during the eight years he studied in the East. At the age of fifteen, with only a common school education, he launched out into the world for himself. By working on ranches he secured sufficient to enable him to complete his studies. He was admitted to the bar and opened a law office at Elko nine years ago, and has built up a large practice. He was elected District Attorney of his county in 1884 and re-elected in 1886, and was exceptionally successful as a prosecuting officer and largely instrumental in bringing about a more economical administration of county affairs. He is a considerate, careful and sound lawyer, possessing those qualities that make a good Judge, and his nomination was a fitting reward for untiring industry and honest merit.

The Hon. Thomas H. Wells.

Judge Wells, the other candidate for District Judge, was born in Missouri, and was educated at St. Charles College in that State. He came to California, crossing the plains, and located in Butte county soon after he commenced the practice of law, and resided in Oroville until 1864. He was elected County Judge of Butte county in 1857, and represented that county two terms in the State Legislature. Ill-health compelled him to seek a change of climate, and in June of that year he removed with his family to Carson City. He was appointed private secretary to Governor Blaisdell the same year, and remained in that office six years, when he resumed the practice of law. At the election of Governor Stevenson he became his private secretary, and remained such until by him appointed District Judge of White Pine, Lincoln and Nye counties, which office he now holds. Although now in his sixty-eighth year, the Judge is in excellent health, and retains his physical and mental vigor and strength to a good degree.

The Hon. J. D. Torreyson.

James D. Torreyson, Republican candidate for Attorney-General, was born in Wellsburg, Brooke county, Virginia, on February 14, 1854. He came to Nevada in the month of August, 1863, and has resided in this State ever since. He was messenger of the State Senate during the session of the Legislature of 1869, and after the adjournment of the Legislature was appointed a clerk in the State Controller's office, where he worked until the month of April, 1874, when he went East and entered Yale College in 1875 and graduated in 1879. After his return home he entered the Hastings Law College of San Francisco, where he remained a term of six months, and then returned to Carson and entered the law office of R. M. Clarke. He was admitted to the Bar in 1882, and in the fall of that year was nominated and elected by the Republican party of Ormsby county for the office of District Attorney, and and he is now serving his fourth term in that office.

The cut of Hon. Joe Josephs, the party's nominee for Clerk of the Supreme Court, did not arrive from San Francisco in time to appear in this issue, but will be published as soon as it comes, together with a short sketch of his life.

The Hon. O. H. Grey.

O. H. Grey, the Republican nominee for Secretary of State was born on the 1st day of 1835; received a common school and academical education in the highlands of the Hudson. Before reaching his majority he removed to Warren county Illinois, where he spent six years teaching school winters and farming summers. He removed to California in 1859, taking the overland route, where he engaged in mining and merchandising until 1863, when he removed to Storey county, Nevada, and for six years was engaged in the lumber business and mining. In March, 1869, he removed to White Pine county, where he has since been, mostly engaged in merchandising. In 1884 he was admitted to the Bar. In 1865 he was elected a member of the Assembly from Storey county, and in 1866 was returned to the State Senate from that county, and took an active part in the memorable struggle of the late Mr. De Long for a seat in the United States Senate. He has been thrice returned to the Assembly from White Pine county, and was each time chosen Speaker pro tem of that body. He was one of the standard bearers of the Republican party in the Garfield campaign, the only time he failed to tally a majority. He was married in 1881 to Miss G. G. Collins, daughter of the late Dr. Collins of Dayton, Nevada, and has one son; is fifty-five years old in vigorous health. He has been actively engaged in politics since the organization of the Republican party, and has never been tainted with mugwumpery.

The Hon. R. L. Horton.

Robert L. Horton, Republican nominee for Controller, was born in Pittsburg, Pa., on October 12, 1831. He actively engaged in the business of general merchandising in Austin, Lander county, and is now sole proprietor of the same house of which he was one of the founders in 1863, and which he has conducted continuously ever since that time.

He came to California among the earliest of the overland emigrants, arriving in Sacramento in July, 1850. He first settled at Horseshoe Bar in Placer county, and engaged in mining until 1852. In 1853 he opened a meat market near Auburn, Cal., and continued it for a number of years. In 1863 he formed a partnership with W. S. Gaye and C. P. Hubbel, and under the firm name of W. S. Gaye & Co., opened one of the pioneer merchandise stores of Austin, when the Reese River excitement was in its infancy. The firm did a large and prosperous business, and in 1867 Mr. Horton bought out his partners. Soon after he sold an interest to M. A. Sawtelle, and under the firm name of Horton & Sawtelle continued the business until 1881, when he bought out Sawtelle's interest, and has since been the sole proprietor. As a successful and prosperous merchant Mr. Horton has acquired an enviable reputation, and is known as one of Nevada's most reliable men. During this time he has also been engaged in numerous mining operations in Lander county, and has always been found ready to aid and promote the mining and milling industries of his section, and latterly he has acquired mining interests in Churchill county.

In his domestic life Mr. Horton has been singularly fortunate. He was married in Placer county, Cal., to Miss Elnor G. Curtis, and in 1865 moved his family to Austin, where he and his wife now reside. His home is one of happy content, and noted for the generous hospitality that awaits all friends. Two children are the result of their happy union, and the oldest, a daughter, is now married.

In politics Mr. Horton was originally a Whig, and cast his first Presidential vote for the electoral ticket of General Winfield Scott. In 1856 he was one of the little band of Republicans at his home in Placer county, that first perfected the party organization, and that year he supported John C. Freemont for President, and in —— he was a delegate to the State Convention that nominated F. F. Low for Governor. He has always been a consistent Republican, and in Lander county has taken an active part in politics. In 1873 he was elected to the Legislature from Lander county.

The Hon. John F. Egan.

John F. Egan, the Republican nominee for State Treasurer, was born in Ireland June 12, 1833. He arrived in America on May 2, 1850, and came to California August 22, 1854, and to Nevada in May, 1860, and has been engaged in mining ever since. He was elected to represent Storey county in the Legislature in 1886 and served that county well and faithfully, as he will the people of the State if elected Treasurer.

Hon. J. E. Jones.

John E. Jones, the nominee for Surveyor-General, is asking the people for a second term and points to the record of his first term as an indication of what he will do if re-elected. It has always been customary to give a man who has proved faithful to every trust a second trial if he wanted it, and as Mr. Jones has made one of the best, if not the best, Surveyor-Generals this State has ever had, he is entitled to a re-election.

Hon. Orvis Ring.

Here is a man, and Washoe is proud of him, that one could write a book about and then leave many of his good deeds untold.

Orvis Ring, Republican nominee for State Superintendent of Public Instruction, was born in Starksborough, Addison county, Vermont, on the 21st day of July, 1833. In the spring of 1861 he, in company with two other young men, crossed the plains, and arrived in Sacramento September 2. He found his first employment in Vaca Valley cutting wood, and from the forest he went into the hayfield. After the harvest was over he began teaching school at Woodbridge in 1862. In July, 1863, he crossed the Sierras on horseback and landed in Washoe Valley, from whence he went to Virginia City and worked as a miner in the Potosi. From there he was called to take charge of the Ophir City school, which he taught successfully until 1867, when the town met the common fate of all early lumber and mining camps. Prosperous and lively Washoe City next secured his services, and he taught until its decline, when he crossed the mountains to California and resumed the practice of his profession at Lothrop.

In 1871 he came back to his Nevada friends and took charge of the Reno schools, which flourished under his direction for eleven consecutive years, when he was superseded for two years. He was principal of the Winnemucca schools, while the Reno schools were presided over in as many years by as many different men. At the very urgent request of all the school patrons he was invited back to his old position at an increased salary, and he is now with us.

He gained his education in the same way that some of our most brilliant ministers, statesmen and jurists did. From his sixth to his nineteenth year he received from two to six months' schooling in each year in the "deestrick skules" of the backwoods counties. By working in the harvest fields and teaching school between times he saved enough money to enable him to enter Wheaton College, Wheaton, Ill,, and graduate therefrom with the title of A. B., and ten years later the institution conferred upon him the title of A. M. He holds a California life diploma signed by George Stoneman, Governor; W. L. Welcker, Superintendent of Public Instruction; and Charles H. Allen, Principal State Normal School; also, a Nevada life diploma. He commenced teaching thirty-seven years ago, and for seventeen years has been Principal of the Reno schools. He has been Superintendent of Schools in Washoe county for many years, the position always being tendered him without political partisanship.

Known by our old pioneers for nearly 30 years, in the interim by the present generation of Washoe county, Orvis Ring has established himself as a man of boundless generosity, of unblemished reputation and marked sterling character.

To the office to which he aspires he brings vast experience, thorough fitness, unequaled standing and pronounced ability. Abreast of the times in modern education, scholarly and dignified, he will grace Nevada as the head of her common public schools. He will labor for the advancement of the State schools as he has labored all his life for the advancement of our children. His pupils of former times to-day occupy positions of honor and trust at home and abroad, and words cannot measure the gratefulness they feel for the help, the guidance, the advice, the instruction and interest of their old teacher.

Politics and the public schools are things apart and ever should be. With the former he has never mixed, with the latter he has spent the best years of his life.

To receive and maintain the best service for our schools should be the aim of every citizen, and only qualifications should be considered. Wherever Mr. Ring is known his qualifications are unquestioned, and independent of political faith and party will all who know him cast their votes for Superintendent of Public Instruction of Nevada.

We have no cut of the Republican nominee for State Printer and cannot give the readers of the GAZETTE an idea of what he looks like, but here is a sketch of his life:

Joseph E. Eckley was born in Macon, Georgia, April 6, 1837. He served his apprenticeship at the printing business in Illinois, coming to California in 1859. In 1863 he came to Nevada, and has been a resident of the State ever since, holding many positions of honor and trust. In 1864, in company with Dr. H. Degroot, the well-known mining expert, he established the *Nye County News* at Ione, Nye county, and in 1866 was elected State Printer from that county, being the first State Printer elected after the adoption of the State Constitution. Mr. Eckley has resided in Storey county for a number of years, and, being well and favorably known, his nomination is considered a strong one.

H. Springmeyer of Douglas county and A. H. Manning of Reno should not be overlooked for Reclamation Commissioners, as much will depend upon their acts in shaping the future prosperity of the State. Mr. Manning is a well-to-do merchant of Reno, where he has been in business ever since the town started in 1868; whose word is his bond, and if elected he will take a broad-minded view of the situation and work to build up the State. H. Springmeyer is a well-known farmer in Douglas county and a man thoroughly acquainted with the requirements of the State, so vote for Manning and Springmeyer for Reclamation Commissioners.

WHY DID HE GO?

A St. Louis Merchant's Trip to the Postoffice, and the Result.

California's last sensation is beginning to take hold of St. Louis. J. V. S. Barrett, the commission merchant of 122 and 124 North Commercial Street, was one of the first to test Joy's Vegetable Sarsaparilla in sick headaches. Its effect was such a gratifying surprise that he went over to the postoffice and told his friend, Thos. P. Culkin, sup't of the registry division, who was also worried with headaches. The following letter details his friend's experience also:—

POSTOFFICE, ST. LOUIS, Feb. 20, 1890.

J. V. S. BARRETT, Esq.:—

DEAR SIR: You ask me, Did I act on your advice? I did, and have to thank you. For years I have suffered from indigestion and headaches. Taking your advice, I purchased a bottle of Joy's Vegetable Sarsaparilla. Before I had finished it I could eat almost anything with impunity, and have been since rarely troubled with a headache of any kind, for which I give due credit to your advice and Joy's Vegetable Sarsaparilla.

Yours, etc.,
THOS. P. CULKIN,
Sup't Registry Division, Postoffice.

The Way Made Clear.

One of the most serious obstacles to success in the way of man is planted right in the middle of the road of health. How to restore and maintain a regular habit of body and digestion is too often a source of needless and, unhappily, of vain inquiry. It is necessary to inveigh against drastic purgatives. They who have used them continuously know the consequence. A remedy which unites the action of a regulating medicine for the bowels with that of a tonic both for those organs, the liver and the stomach, is Hostetter's Stomach Bitters, sanctioned by the best medicine authority, and receiving daily the indorsements of our countrymen. With this effectual, though gentle, laxative at hand, it is possible to defy those changes of temperature productive of constipation, as well as constitutional attacks of biliousness, which beset people naturally heal by Malaria, dyspepsia, rheumatism and kidney troubles are remedied and prevented by the Bitters.

Improved digestion and assimilation produce disorded conditions of the system which grow and are confirmed by neglect. Dr. J. H McLean's Strengthening Cordial and Blood Purifier, by its tonic properties, cures indigestion and gives tone to the stomach. $1 00 a bottle.

PLATFORM & RESOLUTIONS

Adopted by the Republican State Convention held at Virginia, Nevada, September 4, 1890:

The record of the Republican party is its best platform.

No political party in human history has taken such advanced positions for the equality of races, none has so wedded the administration of authority to the needs of business, none has so managed the affairs of State as to encourage the development and settlement of a continent, none has so elevated a nation and so contributes to the comfort and happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from its birth, the representative of all that is best and noblest in its own country and the hope and promise of a better future for the human race.

Its battles for human rights, its preservation of the Union, its abolition of slavery, its protection to labor, its elevation of manufacturers, its upholding of the national credit, its efforts in behalf of honest financial methods, its homestead system and its devotion to popular education have made for it the greatest record of any political organization this or any other country ever had.

The deeds of its heroes are legion, and deeds of Fremont, Lincoln, Grant, and Garfield will shine like electric lights on the pages of history.

POLITICAL.

The Republicans of Nevada, in convention assembled, heartily indorse the acts of the fifty-first Congress, which has made greater advances in correct and needed legislation than any since the war.

The crime of filibustering, so often resorted to by the Democratic party for the purpose of defeating legislation and blocking the wheels of government, has been done away with by the genius of Reed, McKinley and their associates, and the offenders taught that congressmen are paid by the people for making good laws and not bad politics.

It had, by a strict party vote, placed the silver question on a basis that will lead naturally to free coinage and disarm all opposition among financiers.

It has taken up the work of a readjustment of the tariff in a patriotic and business like way, such as will protect the interests of labor and at the same time encourage capital and enterprise that will furnish it with employment at good wages.

New States, which were denied their rights before, have been admitted to the Union, and the grip of Tammany Hall upon the Presidency broken.

Trusts that grew rank under Cleveland's Administration have been broken up and made to obey the laws of honest commerce.

Efforts are being made to prevent or punish frauds and intimidations in elections.

A navy has been provided for and suitable pensions granted to prevent suffering among the sick and wounded heroes of the war.

Provision is being made for the reclamation of the arid regions, where the Republican policy of free homes and free schools can be extended.

Unearned land grants are being restored to the public domain and the land thrown open to settlement, and in all things the pledges of the National platform are being amply redeemed.

We indorse the administration of President Harrison, and commend his conservative course as striking in contrast with his predecessor in office.

During the former Administration silver and wheat touched the lowest price ever known, and farmers burned their corn for fuel. Trusts were stimulated, finances disarranged, strikes prevailed, the mail service was demoralized, and business found itself oppressed instead of being encouraged by the methods of the Government whose whole business should be to benefit the country.

To-day silver, wheat, lead, and all the products of labor are rapidly rising, and while the Democratic officials may perhaps be innocent of intentionally destroying our prosperity, they are culpable for the results of blunders as they would be for crimes. Under Harrison, Chinese and contract labor are kept out of the country, American laborers and mechanics protected, agriculture is encouraged by a department intelligently conducted for its benefit, and the law administered in a wise, firm and patriotic manner. In presenting its ticket to the voters of Nevada, the Republican party pledges its nominees to retrenchment wherever it is possible in county and State expenditures.

We pledge our nominees to a system of State improvements which shall save the water now running to waste, and devise means to secure its use in the irrigation of the fertile lands now lying idle.

We indorse the measure introduced by Senator Stewart proposing to cede the lands within our lines to the State for the purpose of aiding to improve our water storage and irrigating systems, and we appeal to Congress and the President to grant this much-needed aid.

We indorse the course of our Senators and Representative in Congress, and commend their efforts to establish on a better basis the use of silver as money, and we reaffirm our uncompromising demand for the free coinage of both gold and silver and their equal station in our national currency.

Whereas, The practice of letting mail contracts in this State to non-residents thereof, who seek and obtain such contracts only for the purpose of sub-letting the same, has resulted in an inferior and impaired mail service;

Resolved, That our delegation in Congress be requested to procure, if possible, the enactment of a law to prevent such abuses in the future.

We are in favor of the improvement of the wages of American labor by restricting immigration from foreign countries, a thorough revision of our naturalization and land laws, the construction of naval and coast defenses, the fostering of free schools and popular education, the enforcement of a free ballot and a fair count, cherishing the defenders of our country, the protection of every citizen in his rights at home and abroad, the fostering of a policy that will extend our commerce the settling of all foreign complications by arbitration, and liberal appropriations by Congress for the construction of water reservoirs and a system of irrigation.

Resolved, That we are in favor of the Australian system of ballot.

Resolved, That as at the coming election the question as to whether or not a Constitutional Convention will be held is to be submitted to the people, that we earnestly invite a calm and thorough discussion of the question during the campaign.

Resolved, That it is the policy of the Republican party of Nevada to secure all safe and possible retrenchments in public affairs, and especially in dispensing with unnecessary officers and useless deputies in adjusting salaries upon a basis of services performed, decreasing the per diem and mileage and shortening the session and lessening the number of members of the Legislature, in the reduction of taxation and in consolidating county offices and diminishing county expenses, and to this end we pledge the nominees of this convention, and earnestly ask that the nominees of the several county conventions be likewise obligated.

HEDGED IN BY RULES.

Some of the Tribulations of Sleeping-Car Porters.

Queer Mandates and Regulations Issued by the Pullman and Wagner Companies—Questions Asked of Men Seeking Employment.

The life of a porter on a sleeping-car is usually pictured as one full of trials and tribulations, and his work as lacking sufficient remuneration. All this is in a great measure true.

Most men who enter into the duties of a "car-service man," as the porters are called, recognize that they are working for a vast corporation, and there must exist a strict system of discipline. It has been said that among the orders issued to the porters are those to wear clean, white linen, "stand-up" collars and bright and clean uniforms. They are furthermore forbidden to speak to the lady passengers, unless first spoken to. In other words, as one of them put it: "We are expected to dress like dudes, but not to act like them."

A Chicago News reporter spent some time the other day talking to a few Pullman and Wagner porters. The men were not at all disposed to enumerate their little grievances. A railroad official remarked that it was because they did not have confidence in the interrogator's identity. "They may think you are a special agent," he said. "Yes, we find lots of things that we are ordered to do unnecessary and not very pleasant," said one porter on a vestibuled St. Paul train, "but it would not do for me to complain. The officials would find me out and tell me if I did not like the work to get out and make room for a willing man."

Superintendent Lincoln, of the operating department of the Wagner Sleeping-Car Company, was interviewed. He showed the reporter the printed instructions issued to porters and conductors. They are almost identical, section after section, with those of the Pullman company. "A porter or conductor travels a rough road to secure his position," said Mr. Lincoln. "The number and nature of the questions asked the applicant very often startle the man. He must be able to read and write, to state his antecedents, education, physical condition, names, addresses and businesses of each of his employers within five years at least, stating his position with each employer, and when and why he left the employ of each man. The applicant is also asked: 'Are you willing to go wherever sent?' 'Are you in debt?' 'Do you use intoxicating liquors?' 'Do you ever play games of chance for money or gamble in any way?' These are sample questions. A porter, when he is accepted, is told his duties and supplied with badges, buttons and white jackets. The uniforms, summer and winter weights, he must purchase. The porter is not asked to wear a white vest. That is a portion of the conductor's summer uniform. The vest in cold weather is covered up by the coat, which is buttoned clear to the top. A white standing-collar and flat scarf are demanded of the porters for the sake of having uniformity and preventing gaudy or 'sporty' neckwear. The shoes or boots must be kept polished, and our company prohibits the use of slippers at any time while on duty. The Pullman company allows its porters to wear slippers, after all passengers have retired, or when lying at a waiting point. The summer or light-weight uniforms are worn from June 1 until October 1. Porters are requested to remove their caps when making up or putting away berths or attending to other similar duties. They are provided with white duck jackets by the company to be worn over the uniform while doing this work only, and the porters must see that they secure enough to have a clean one for each night. At no time while on duty is a porter allowed to play cards or gamble. This seems like a startling array of rules, but if the men are willing to do the work they are employed to perform they can not consistently complain."

"Have you any system of rewarding old and efficient men?"

"Yes; they get the best 'runs,' like those to New York on the limited. We have porters who commenced working for us fifteen years ago. They like the work, and, as I said, they get the preference of the best runs. These porters earn much more than the conductors."

There is one thing which very often disgusts a Pullman porter. His berth is supposed to be that in the smoking-room, but should the smoking-room be "sold," he must take "upper 1." If that also is occupied, the porter must either remain awake or crawl up on the roof and sleep. Between the hours of ten p. m. and three a. m. the porter is monarch of the car. He can lie with one eye open and watch any number of passengers enter the car at a main station, but, though they call loudly for their berths, he never moves. It is his sleeping time, and the conductor must then make up berths.

Villages Built in Trees.

People who live in trees or employ them as places of refuge are apt to be particularly miserable specimens of the human family, for their choice of a home invariably implies that they are not strong enough to meet their enemies on the level. The tree village recently discovered by Sir William MacGregor in New Guinea is the most remarkable that has been reported in a long while. Some ways inland he found a wretched, half-starved remnant of the Veiburi tribe. In one of their settlements all the villagers live in a single enormous tree, on whose wide-spreading branches four houses, with two stories each, had been constructed. Wide platforms are built in front of the houses on which are piles of stones, kept to hurl at intrusive persons. This wretched people are in process of extermination by a powerful and warlike neighbor. The most numerous tree villages that have been found are along the Dua branch of the Mangala river, north of the Congo. The explorer who discovered them last year says the natives are the poorest and most wretched people he has seen in Africa.

Queer Canine Mania.

There is a dog in Philadelphia that has a mania for tearing off door-knobs and plates and wrecking the woodwork of the doors generally.

MISCELLANEOUS.

A HORSE WHO CAN TALK!

Everybody has heard of a "horse laugh," but who has ever seen an equine gifted with the power of speech? Such an animal would be pronounced a miracle; but so would the telegraph and the telephone a hundred years ago. Why, even very recently a cure for consumption, which is universally acknowledged to be scrofula affecting the lungs, would have been looked upon as miraculous, but now people are beginning to realize that the disease is *not* incurable. Dr. Pierce's Golden Medical Discovery will cure it, if taken in time and given a fair trial. This world-renowned remedy will not make new lungs, but it will restore diseased ones to a healthy state when other means have failed. Thousands gratefully testify to this. It is the most potent tonic, or strength-restorer, alterative, or blood-cleanser and nutritive, or flesh-builder, known to medical science. For Weak Lungs, Spitting of Blood, Bronchitis, Asthma, Catarrh in the Head, and all Lingering Coughs, it is an unequaled remedy. In derangements of the stomach, liver and bowels, as Indigestion, or Dyspepsia, Biliousness, or "Liver Complaint," Chronic Diarrhea, and kindred ailments, it is a sovereign remedy.

"Golden Medical Discovery" is the only medicine of its class, sold by druggists, under a **printed guarantee,** from the manufacturers, that it will benefit or cure in every case of disease for which it is recommended, or money paid for it will be promptly refunded.

THE PLATFORM:

The Republicans of Washoe County, in convention assembled, renews its pledges of faith in, and allegiance to the doctrines and principles of the Republican party, which in the future, as in the past, will continue to vouchsafe to the people the broadest and most enlightened freedom, consistent with safety to the State, and the perpetuity of our form of Government.

We most heartily endorse the platform adopted by the Republican State Convention at Virginia City as a manly and conservative declaration of principles suited to the necessities and demands of the people of this State, and strangely in contrast with the billingsgate and ribaldry of the Democratic indictment which was presented by the Grand Jury of that party, in their recent State Convention.

We recognize in our delegation in Congress, Hons. John P. Jones, Wm. M. Stewart and H. F. Bartine, able and efficient public servants, who have been untiring in their efforts to promote the interests of the people of Nevada, as well as those of the whole country; and we desire to accord to them that full meed of praise which their valuable services so pre-eminently merit.

That we commend the wise and conservative administration of President Harrison, who has redeemed the pledges so solemnly made to the people in the National Republican Platform, and has fully justified the confidence reposed in him by the suffrages of the American people.

We endorse the action of the Republicans in Congress in increasing the tariff on wool, so as to encourage the production of staples hitherto imported, which Grover Cleveland, in a special message recommended to be placed on the free list; and in the passage over Democratic votes, of a silver bill which has increased the value of the product of our mines more than ten million of dollars, added seventy-five million to the value of our wheat crop, one hundred million to the oat crop, and two hundred million to the corn crop of the United States.

It is with profound sorrow that the Republicans of Nevada received the news of Hon. C. C. Stevenson, late Governor of this State. We deplore his loss in the counsels of the party, where he was ever ready by word and deed to advance her interests in every honorable way; and the whole people of the State have been deprived of the services of an honest and conscientious public servant, his family of a kind, indulgent and effectionate husband and father; and to the bereaved members of his household we extend our most profound and sincere sympathy.

It is the sense of this convention that the best way to promote and foster the upbuilding of Nevada is to provide and maintain good government, with a system of low taxation, and to this end we favor the most rigid economy in every department of the public service and the enactment of such legislation as will secure to the people of the State the lightest possible burdens, without material injury to the administration of affairs.

We demand that the membership of the Legislature be reduced to forty, their per diem to be six dollars per day, and their mileage to actual and necessary traveling expences in going to and from the State Capital.

We are in favor of the donation of the public lands to the State to be used for a basis of water storage and reclamation; at this same time we call attention to the fact that a large portion of our previous grant is much exhausted, and can be used for these purposes without waiting for additional appropriations.

We are in favor of the use under wise plans and safe management of the large fund lying idle in the State Treasury in a way to quicken it into life and start it through our great valleys, reclaiming one after another, making homes for new citizens and adding to our taxable property; and we recommend that our Senators and Asemblemen give this matter their careful attention adopting the system which promises the greatest good to the State, giving it their solid support.

We are in favor of the acquisition, either by State or county, of the control of the water storage sites of the Truckee basin, so that they may in time be made useful to the public, without the possibility of their falling into the hands of private monopolies.

We are opposed to bonding Washoe county for any purpose until the question is first submitted to the qualified electors of the county or district upon which the bonds are to be issued, for their approval or rejection.

It is the sense of the Republicans of Washoe county that a Constitutional Convention is necessary in order to secure such reforms in the public service as our small population and material resources demand; and we therefore most earnestly urge upon the voters of this county to cast their ballots in favor of such a convention at the coming election.
